THE emotional content of the symphony has provided us with a challenging and meaningful theme for the 1959 WHITE HEATHER. *In this musical form are found some of the loftiest utterances in musical literature—haunting indefiniteness and symbolic aspiration. Fibers of doubt, undercurrents of profound reverie, exaltation, and unmistakable triumph are woven into each movement. These fibers carry us on a varied and complicated journey. There is rejection, scratching out, tearing up, rewriting sketch after sketch. An apt analogy is that of the agonizing struggle over the keyboard to achieve rightness—the right notes, the right rhythm—to the same struggle experienced in our lives. We are traveling on a varied and complicated journey searching for rightness at Flora Macdonald. If we had a written record of the rejection, scratching out, tearing up, and rewriting in our growth at college, it would be the story of a tremendous battle—a battle which begins as the lights of summer flicker and the curtains of fall open. The Master takes His place on the podium. He lifts His baton and begins to conduct the mighty symphony of life at Flora Macdonald College.*

FLORA MACDONALD COLLEGE

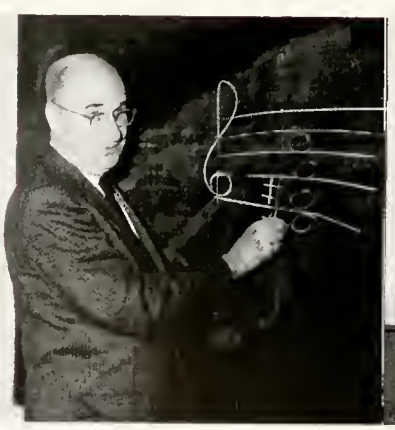
Dedication . . .

We Dedicate the 1959 WHITE HEATHER to

Dr. Charles G. Vardell, Jr.

because:

To all who know him—he is the symbol of music —not only because he creates it, but because his life reveals the harmony of his being. He gives the breath of life to music—in composing, in teaching, and in performing. Yet, despite his great artistry, he retains the sense of humor, the humbleness, and the true sense of values which mark the sterling character of a servant of God—one who has found his place in the symphony of life. . . .



Dr. Vardell lectures at the blackboard.

The telephone always rings during class.

Dr. Vardell receives guests after his recital.

President of Student Council

Tangibly or intangibly all college activities evolve around the Student Council. The "voice of the students" meets twice a week at which time the student body speaks through the thirteen who constitute the Council. Since the members represent various groups on campus, their duties are diverse and numerous. Among the functions of the Council are checking cards, directing elections, appointing kitchen clean-up committees, enforcing handbook rules, dealing with campus problems, planning Hospitality Week Ends, providing movies and a stamp machine, and working with other school organizations, the day students, and the faculty in making plans for special events.

Christian

The ultimate goal of Flora Macdonald College is to send into the world educated and Christian students. In providing a community in which we may explore the meaning of the Christian faith for our lives, the Christian Association coordinates the intellectual, social, cultural, and spiritual activities of college life in such a way that we see Jesus Christ; and in seeing and understanding His life, we follow more nearly in His steps. Vesper and chapel speakers, Spiritual Enrichment Week, Prayer Bands, and private meditation provide us with food for thought. We materialize our Christian principles in Thanksgiving baskets, Christmas stockings, gifts to a leper colony and to the orphanage, visits to the sanatorium, and, foremost, in our everyday attitudes in class and towards our fellow man. We believe that no man is an island unto himself; and, therefore, receive with seriousness and eagerness the challenge to be our brothers' keeper.

Cabinet members are: Carolyn Whitley, *Social Service Chairman;* Kathy King, *Prayer Bands Chairman;* Linda Phillips, *Outreach Chairman;* Frances King, *Vice-President;* Jeanne Flournoy, *Ex-officio Member;* Betty Barnes, *Treasurer;* Alice Carol Huggins, *Fellowship Chairman;* Jo Campbell, *Worship Chairman;* Ceil Heins, *Secretary.*

The Pine and Thistle

The moments of silence in which "great things fashion themselves" find an outlet in our literary magazine, the *Pine and Thistle*. The *Pine and Thistle* seeks to evince from those on campus expressions of literary ability, originality, and humor. At the same time, it attempts to divert its concentration from the purely intellectual to more popularly appealing material. Its repertoire of plays, poems, short stories, and essays are original compositions from students and faculty and are instrumental in providing an opportunity for creative and scholastic efforts and for discovering and encouraging young writers by presenting them to readers of a high-quality literary publication.

The Skirl

More independent and more lively than ever, the 1958-1959 editions of the *Skirl*, the college newspaper, keep the campus thinking and talking. Its name, the sound of the bagpipe, describes its function as the official voice of the students. The persistence and imagination of many members of the student body go into the type and ink which provide articles of interest covering all phases of student and faculty events. The issues are published nine times yearly and include feature articles, announcements of social events, reviews of concerts and recitals, and essays skillfully written.

The 1959 White Heather

Adeline Brady
Editor-in-Chief

Gay Mothershed
Business Manager

Endeavoring to capture your year at Flora Macdonald College in word and picture, the 1959 White Heather staff has delved below the surface of your life and into your very person. As you quietly ripple through the seemingly austere pages of this book, each picture, each word will come to life, reminding you of a treasured experience, a struggle, an almost forgotten moment. This annual is the record of your varied and complicated journey in search for rightness. We have used the musical form of the symphony for our focusing point because its pages abound in daring modulations, transformations, and strange harmonies as our lives do. Hours were spent listening to symphonies, trying to grasp the meaning each movement conveyed. The moods were primary in the mind of our photographers. Meeting deadlines, typing endless copy, scheduling and taking pictures, identifying pictures, rubbing the weary feet of the business staff, organizing the book—all of these were our struggles to achieve rightness for our yearbook. We find it rewarding to view in retrospect our past growth; we find it challenging to seek our part in the great symphony of life.

SUSAN CURRIE
Presideat of the Athletic Association

Athletic Association

In providing wholesome physical activity and promoting good sportsmanship, the Athletic Association has had an invigorating and rewarding year. The enthusiasm shown in the search for the mascots before tournament time and the class support of each team enhanced the purpose of the A.A. Ping-pong, bowling, and dancing in the "Rec Room"; swimming, tennis, horseshoes, and softball on the outside; and volleyball and basketball on the inside kept the athletes in shape. The A. A. Chest, trips to out-of-town football games, and the marshmallow roast were among the projects on the agenda for the active year. There is an ever-present need for personal challenge of character and physical ability which is met by our Athletic Association.

A. A. Board: Carol Ann Wolfe, *Treasurer;* Betsy Carruth, *Vice-President:* Beth Bigger, *Recreation Room, Bowling, and Ping-Pong;* Judy Wienges, *Swimming and Softball:* Vonda Goodwin, *Basketball:* Barbara Morgan, *Cheerleader;* Phyllis Golden, *Freshman Representative;* Betty Jane Sullivan, *Volleyball:* Judy Tindall, *Tennis and Badminton:* Theresa Nisbet, *Secretary;* Ann White McMillan, *Salesman;* Joe Peyt Stanton, *Day Student Representative.*

B.A., B.S., and B.M. DEGREES

Flora Macdonald College has "that something." You can't quite describe it. You feel it — just as soon as you step on the campus. It's "something" intangible but real. Ask any student who has lived in the elevating and energizing atmosphere of the college. You will be told it's "something" that gets into one's heart, mind, and soul — "something" that awakens the best — "something" that lays hold of the best — "something" that brings out the best. It's "something" a student feels when studying in the library or listening to a lecture in the classroom or playing basketball in the gym or walking through the college gardens. It's "something" that makes a student want to work and play and live with zest and joy and abandonment. It's "something" a student finds at Flora Macdonald — "something" that lives in her and with her during her college years — "something" which goes with her out into life and makes her a unique person, radiant in personality, unselfish in spirit, and successful in her career as a teacher or nurse or pastor's assistant or technician or secretary or wife and mother or leader in her church and community. "That something" is the plus in education which Flora Macdonald offers you. It's "that something" which money cannot buy but which no girl who has found it would exchange for all the wealth of India.
